Juggernaut.Case™
smartphones on the battlefield

Defend your device.

Ruggedize your devices with Juggernaut.Case™

Samsung is proud to partner with Juggernaut.Case to bring you military-grade device protection.

Protect the Samsung technology that powers your most critical missions. A ruggedized polymer enclosure shields devices from dust and immersion, while a sealed Glenair® connector keeps you plugged into communications platforms.

Additional benefits

- Improved daylight visibility with an anti-glare glass screen protector
- Secure armor mount to enable hands-free use
- Full access to all buttons, cameras, flashes and speakers

6-series

8-series

1 Choose a size of device
(5, 6 or 8 inch display)
QD (Quick-Disconnect) case

2 Choose either:
QDD (non-cabled door),
or a QDC (cabled option) for the case

OR

QDS -Cable Assembly
SELECT

Juggernaut - USB-A Cable

Standard Charge/Data Cable

Computer/Terminal

USB Charger/Adapters

USB External Battery

Solar Panel Chargers

148/152 USB Charger

5VDC-2A

5VDC-2A

Direct Power-Cable

Connects to Tactical Batteries

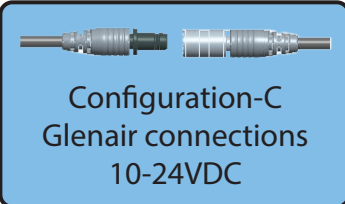

CWB 85/150wH

25/5590 w/
X590-Adapter

SoloPack

SIR-Juggernaut
Cable

QDH -Cable Assembly
HOST

Extension Cable (24" or 36")

Connects to Tactical Radios,
Hubs, and Adapters

3 If a QD cabled option is chosen, a QDH (HOST config),
or a QDS (SELECT config) needs to be determined

4 When connecting to tactical radios/VDL devices, side-
connect adapters and/or adapter cables are necessary.
Most of these connections require the device to be in
HOST configuration to communicate with the radios.
If connecting to a Hub, SELECT configuration is necessary.
