# PATROL PARKA

A lightweight parka designed for the operator who spends extended time in the field where weight, durability and complete weather protection are mission critical features. S-XXL.

WASP-FG

Ranger Green

Black

Earth

Flint

## FIT + FABRIC

- Full parka-length cut
- 3-layer eVent® fabric is waterproof, fully seam-taped, and highly breathable
- Weight 31 oz. (879 grams) in size large

Multicam

#### TECHNICAL DETAILS

- High mobility hood stows in the collar, has two adjustments and is helmet compatible
- All zippers YKK water resistant
- Pit zips to avoid overheating and internal moisture build-up
- Two high-volume/low-profile sleeve pockets accessible while wearing body armor
- Loop on sleeve pockets for patches
- Two deep chest pockets located above belt line that can be accessed while wearing a rucksack
- One handed draw strings on hood and hem of jacket
- Brushed chin guard lining

## PATROL TROUSER

Multicam

Like the Patrol Parka, this lightweight trouser is designed for the operator who spends extended time in the field where weight, durability and complete weather protection are mission critical features. S-XXL.

WASP-FG

Ranger Green

Earth

Flint

#### FIT + FABRIC

- 3-layer eVent® fabric is waterproof, fully seam-taped, and highly breathable.
- Weight 13.7 oz. (388 grams) in size large.

#### TECHNICAL DETAILS

- High-rise waist allows for a comfortable fit over combat/field pants and first-line equipment.
- Articulated knees.
- Zippered front fly.
- Full length side zips allow for venting and access to internal pockets and also make it easy to put on and take off.
- All zippers are water-resistant.
- Removable suspenders, partial elastic waistband and micro-adjusting belt.

WASP-FG

This technical stretch-woven jacket is a great choice for movement-intensive operations. S-XXL.

Multicam

Ranger Green

#### FIT + FABRIC

- Climbing-inspired cut fits under body armor and won't get hung-up on pack straps.
- Lightweight, highly breathable Tweave Durastretch® fabric dries quickly
- Provides abrasion-resistance.
- DWR (durable water repellent) protective finish keeps the jacket water-resistant and repels stains.

Black

Tan

#### TECHNICAL DETAILS

- Packs down and takes little room in a rucksack.
- Stand-up collar fits snugly around the neck keeping debris out.
- Flat pockets on sleeves with loop to attach patches.
- Cuffs are partially elasticized and have adjustable closure tabs.
- Two large hand-warmer/storage pockets are placed for easy access and can be used to vent the jacket.
- Large 20 inch pit zips allow for venting and "on the go" conversion of the jacket to a short sleeve.
- Elastic straps keep sleeves rolled up.

PROPERTY OF TSA DEFENCE

This technical stretch-woven jacket is the same as the DK but made with a slightly heavier fabric providing greater weather protection for movement-intensive operations in cool climates. S-XXL.

Multicam

Coyote

#### FIT + FABRIC

- Climbing-inspired cut fits under body armor and won't get hung-up on pack straps.
- DWR (durable water repellent) protective finish keeps the jacket water-resistant and repels stains.
- Lightweight, highly breathable Tweave Durastretch® fabric wicks away moisture, dries quickly and offers light insulation.
- X-STATIC® yarn eliminates static charges, keeps you cool in warm environments, warm in cool environments and eliminates odor.

#### TECHNICAL DETAILS

- Provides abrasion-resistance.
- Packs down and takes little room in a rucksack.
- Stand-up collar fits snugly around the neck keeping debris out.
- Flat pockets on sleeves with loop to attach patches.
- Cuffs are partially elasticized and have adjustable closure tabs.
- Two large hand-warmer/storage pockets are placed for easy access and can be used to vent the jacket.
- Large 20 inch pit zips allow for venting and "on the go" conversion of the jacket to a short sleeve.
- Elastic straps keep sleeves rolled up.

# DK HYBRID JACKET

Multicam/Tan

An integral member of the DK family, built for the operator in need of protection while wearing body armor in wet weather. S-XXL.

## TECHNICAL DETAILS

- Stand-up collar fits snugly around the neck and keeps weather and debris out.
- Flat pockets on the sleeves are waterproof.
- Cuffs have laminated die-cut loop adjustments.

## FIT + FABRIC

- Lightweight waterproof eVent® fabric on the shoulders and arms keeps water, snow and wind out.
- Lightweight stretch-woven fabric on the body and under the arms has excellent breathability.
- Climbing-inspired cut fits under body armor and won't get hung-up on pack straps. Cut fits closer to the body than our DK Jacket.

# OVERWATCH ANORAK

Multicam

Designed to augment the traditional ghille, the Overwatch allows the marksman to keep his kit concealed when the environment requires both discretion and weather protection. S-XXL.

## FIT + FABRIC

- Oversized to fit over body armor.
- Lightweight, highly breathable fabric dries quickly.
- Fabric provides abrasion resistance.
- DWR (durable water repellent) protective finish keeps the jacket water-resistant and repels stains.

#### TECHNICAL DETAILS

- Packs down and takes little room in a rucksack.
- Oversized hood accommodates helmet.
- Loop on sleeve for I. D. & patches.
- Elastic webbing on hood, shoulders and upper back for garnishing.
- Forearm zip pocket holds a removable 4" × 6" plastic card sleeve.
- Thumb loop so jacket sleeve won't ride up.
- Cuffs have laminated die-cut hook/loop adjustments.
- Large pocket on sleeve.
- Kangaroo pass-through pocket to access mags and gear.
- Anorak can be unzipped from hem to elbow on one or both sides for quick dress/removal.

## SENTINEL ANORAK

This technical stretch-woven anorak, little brother to the Overwatch, is geared for missions where discretion and blending-in are priorities. However, the Sentinel also allows the operator to go full-power in a heartbeat. S-XXL.

Tan

Black

#### FIT + FABRIC

- Climbing-inspired cut.
- Lightweight, highly breathable fabric dries quickly.
- Fabric provides abrasion resistance.
- DWR (durable water repellent) protective finish keeps the jacket water-resistant and repels stains.

#### TECHNICAL DETAILS

- Packs down into a rucksack.
- Stand-up collar fits snugly around the neck, keeping debris out.
- Loop on sleeve pockets for patches.
- Large dump pouch on the back of the jacket.
- Right side unzips from hem to elbow for easy access to a sidearm.

This technical stretch-woven jacket is a great choice for movement-intensive operations in cool conditions. XS-3XL.

Multicam

## ALPINE JACKET

WASP-FG

#### TECHNICAL DETAILS

- Lightweight, highly breathable Tweave Durastretch® fabric wicks away moisture, dries quickly and offers light insulation.
- Provides wind, water and abrasion-resistance.
- Packs down and takes little room in a rucksack.
- High-mobility hood moves with your head, can accommodate a helmet or stow in a stand-up collar.
- Cargo pockets on sleeves with loop to attach patches.
- Cuffs have adjustable tabs.
- Two large chest pockets placed for easy access and can be used to vent the jacket.

## ALPINE TROUSER

Multicam

For the operator who's looking for a more dynamic and durable pair of trousers. S-XXL (3XL in WASP-FG).

WASP-FG

Ranger Green

#### FIT + FABRIC

- Climbing-inspired cut provides a streamlined, athletic fit.
- Lightweight, highly breathable Tweave Durastretch fabric dries quickly.
- DWR (durable water repellent) protective finish keeps the pants water resistant and repels stains.

Black

Tan

#### TECHNICAL DETAILS

- Provides wind, water and abrasion-resistance.
- Packs down and takes little room in a rucksack.
- High waist secures pant when running, even with a loaded belt.
- Removable suspender and belt loops to accommodate rigger's belt.
- Two "envelope" cargo pockets with a one finger button closure system keep contents secure.
- Double sliders on fly – accessible when wearing a rucksack, harness or taking a knee.
- Boot tie down tabs to keep the pant from riding up in snow, mud, etc.
- Two snap-closure adjustments at cuff for snug fit on boots.
- Zippered hand pockets so dirt and snow do not get in.

# HT INSULATED

Multicam

Ranger Green

Tan

## FIT + FABRIC

- S-XXL
- Lightweight ripstop nylon fabric breathes and sheds wind and light rain.
- Shell fabric is IR compliant and fire retardant.
- 160 gram PrimaLoft® insulation keeps you toasty - even when wet.

## TECHNICAL DETAILS

- Oversized to fit over gear.
- Two Napoleon-styled pockets.
- Two fleece-lined hand-warmer pockets are large enough for bulky gloves.
- Insulated hood with side and rear adjustments and a stiff brim to keep the elements out in the worst weather.
- Large internal pocket to keep water bottles warm or to thaw out frozen gloves and socks.
- Hem drawcord seals out wind and debris.

# SUPER L WINDSHIRT

Designed to be feather-light and packable, a no-brainer for all your excursions near or far. Get aerobic without getting chilled to the bone. S-XXL

Multicam

Ranger Green

Tan

## TECHNICAL DETAILS

- Lightweight ripstop nylon fabric breathes, blocks wind and sheds light rain.
- Fabric has DWR & FR coat - IR compliant and fire retardant.
- Napoleon-style breast pocket.
- Full coverage hood with two side adjustments and stiff brim to shed rain.
- Elastic cuffs for comfortable fit.
- Hem drawcord seals out wind and debris.

# ALOHA SHIRT

*Black*

*Vintage*

Introducing our first Aloha Shirt, OTTE Gear x Bawidamann's "Poppies of War". Styling is inspired by vintage Hawaiian shirts of the 70s with an updated fit. The subtle details woven into this intricate print pay homage to our troops and their on-going campaign in Afghanistan, the weaponry, and the undeniable beauty of the surrounding poppy fields. 100% Cotton with genuine coconut shell buttons. S-XXL

APPAREL

Next Level premium short sleeve crew t-shirt featuring our pixelated logo or mascot. Fabric laundered, 4.3 oz., 100% combed wingspan cotton for softness and durability. S-XXL.

# HOIST BAG

Inspired by the Nordic genius of a certain utilitarian blue bag, the Hoist is made to carry a ton of stuff. Sturdy, wide and deep enough to carry your personal gear - plate carrier, mag pouches, helmet, boots, uniform, or bulky item really. Optional carryall for your trips to Costco. Washable, easy to stow.

Coyote

## SPECIFICATIONS

- 200D Nylon
- Double carry handle set
- Hook & loop compression wrap on short handles
- Internal stuff sack
- 4"x4" loop morale panel
- 21"L x 13"W x 15"T

# HEIST BAG

The Heist shares the same "Nordic" roots as our Hoist yet is designed to provide concealment of your loot. Take it on a raid as a way to easily haul back sensitive materials. Leave one in your car. Bring it to the beach. Definitely pack it for any adventure. Sturdy and deep, like you. Washable, easy to stow.

Black

# PACKING CUBES

Multicam

Coyote

Coyote

The key to #lookandfeelgreat: OG Packing Cubes. Originally designed in 2 sizes – medium to carry muddy running shoes and XXL to carry size 15 plastic mountaineering boots – their other uses have become quite evident: clean clothes and contained gear. The medium cube can store your socks, undies and jacket. XXL can protect your down or a week's worth of clothes. Separate clean from dirty in at least one part of your life.

## SPECIFICATIONS

- 200D Nylon
- Zip closure
- Small 12"L x 7"W x 5.5"T
- Large 14"L x 11"W x 6"T
- Medium 13.5"L x 8.5"W x 5.5" T
- XX-Large 14.5"L x 16"W x 6.5"T
