PRODUCT CATALOGUE

WARRIOR ASSAULT SYSTEMS

Warrior Assault Systems is a UK based company founded in 2005.

Warrior's mission is the design, development and manufacture of high quality gear that could withstand the severity of front line combat. Functionality, durability and overall weight reduction was fundamental to enhance the operators performance in the field.

Today **Warrior** produces cutting edge tactical equipment to the highest standards available in the industry. **Warrior** is an official dealer of **MultiCam** and **A-TACS** Camo. All our material, webbing and threads are imported direct from the USA. All our MultiCam, Coyote Tan, Ranger Green, OD Green and Black products are certified military spec. quality, MultiCam and Coyote Tan come with N.I.R. Infra-red and UV light treatment. Many of the products have been developed following direct feedback from current UK Special Forces and front line military units serving in combat theatres such as Afghanistan and Iraq. **Warrior** gear has been tried, tested and proven in the most intense and critical of environments; **The Theatre of War.**

Today Warrior is a recognised worldwide supplier of high quality tactical equipment and is a brand you can trust. By using Warrior you are investing in equipment that has been "**Battle Tested by the World's Finest.**"

LASER CUT LOW PROFILE CARRIER - LPC

The Patent Pending Warrior Laser Cut LPC Low Profile Plate Carrier is at the forefront of cutting edge innovation. Manufactured using our proprietary laminate material and precision cut using the highest quality laser technology for optimum production accuracy to produce a flawless lightweight solution.

Designed with direct input from serving operators within the SF community, the Laser Cut LPC incorporates many new features that combine to make it one of the best carriers on the market today.

The Laser Cut LPC features our new air vent thermo pads, which allow heat to evaporate from the body and increased airflow to assist in cooling. The Thermo Pad also helps to decrease the back plate signature associated with ballistic impact and trauma. The Laser Cut LPC incorporates our speed clip system, which allows very rapid removal of the carrier on a day to day basis but also in an emergency situation, no complicated cables to worry about, and reassembly takes seconds.

The Laser Cut LPC comes as standard with our precision Laser Cut style sides, and utilizes state of the art materials to reduce the overall signature and weight. It comes as standard with a removable MOLLE front flap held in place by 2 vertical QASM clips and Velcro which allows the panel to be removed and replaced with a wide variety of preconfigured panels that are both weapon and mission specific.

Holds 10 x 12 ICW and stand-alone plates front and back.

LOW PROFILE MOLLE BELT

W-EQ-LPMB-B
W-EQ-LPMB-B

SO = Special Order, Minimum order quantity of 75 pieces

Warrior's Low Profile MOLLE Belt (LPMB) offers a 2 stage low profile platform capable of carrying a wide variety of mission specific pouches and holsters including Drop Leg rigs. Part one is a reinforced slimline belt that is covered in loop Velcro and is designed to be threaded through the operator's belt loops and acts in the same way that a traditional belt would.

The second part of the system is made up of a low profile MOLLE belt covered in 2 rows of Mil Spec webbing, this belt has a row of hook Velcro on the inside which marries up to first belt, it is then secured by way of a removable belt and composite GT Cobra buckle.

This belt can be removed at any time and substituted for a Riggers style belt if required. The LPMB allows a very stable draw when using belt mounted holsters as there is no movement due to the Velcro bond between both belts.

SIZE MEDIUM: From Waist 34" - 86cm

SIZE LARGE From Waist 38" - 96cm

SIZE EXTRA LARGE From Waist 41" - 104cm

LOW PROFILE MOLLE BELT

W-EQ-LPMB

DCS

**LARGE
MEDIUM**

**W-EQ-DCS-L
W-EQ-DCS-M**

The DCS (Dynamic Combat System), is a lightweight armour carrier, which features removable side cummerbunds. The DCS can hold both front and back Nexus NIJ level IIIa soft armour panels. In addition the side cummerbunds can accommodate both soft armour and 6" x 8" (150mm x 200mm) ballistic side plates.

The DCS is also capable of holding a large variety of front and back hard ballistic plates.

The DCS is fully adjustable for height and width and comes with 3D spacer mesh lining for cooling and comfort.

The DCS can be worn in tandem with either the PLB Belt or Warrior Frag Belt (sold separately).

SO = Special Order, Minimum order quantity of 75 pieces

DCS-R-L LARGE W-E0-DCS-R-L

SO = Special Order, Minimum order quantity of 75 pieces

Warrior's releasable version of its legendary DCS Armour Carrier. The DCS-R has all the standard features of the DCS with the addition of a new internal cable system, featuring an ambidextrous release pull.

The release pull is securely located in the shoulder and allows a smooth, rapid separation of the front, back and sides of the carrier into individual components.

The DCS-R is fully adjustable for size on the shoulder and girth.

“BATTLE TESTED BY THE WORLDS FINEST”

CPC W-EO-CPC

Warrior's Covert Plate Carrier (CPC) is a low profile slick armour carrier designed to hold 10 x 12 plates and US style SAPI Plates. The CPC is fully adjustable on the shoulders for size.

The sides are made from double layer high quality elastic, and incorporate 2 internal pouches on each side which can hold mag pouches and/or radio. The sides are fully adjustable for girth by way of velcro closure.

SO = Special Order, Minimum order quantity of 75 pieces

CPC-MK1 W-EO-CPC-MK1

The CPC can be upgraded to create the CPC-MK1 Combo by adding Warrior's TVMP Triple Velcro Mag Pouch for 5.56mm mags, this attaches to the front of the carrier by means of velcro and is then secured shut by overlapping the velcro elements of the side elastic cummerbunds.

W-EO-TVMP
TRIPLE VELCRO MAG POUCH
FOR 5.56MM MAGS

“BATTLE TESTED BY THE WORLDS FINEST”

RPC LARGE MEDIUM
W-EQ-RPC-L
W-EQ-RPC-M

The Recon Plate Carrier is designed to be a lightweight and versatile low profile armour carrier, offering enhanced mobility without compromising protection.

The RPC has been developed to hold medium and large SAPI and ESAPI stand alone plates and the most common 10" x 12" I.C.W. plates available. Plate pockets have been backed with 3D mesh for added ballistic performance, comfort and dispersal of body heat. The RPC comes standard with ladder style cummerbunds that attach to the RPC's front via 2 removable ITW SR Clips. This allows rapid access when getting in and out of the RPC (ITW SR Clips have a combined breaking strength of 600lbs per side). The RPC's shoulders can be worn in 3 different configurations; As a slick low profile carrier, with padding for additional comfort when carrying extra weight and with a wrap around sleeve for hydration and comms channeling.

SO = Special Order, Minimum order quantity of 75 pieces

REMOVABLE MOLLE PANEL

W-EQ-RPC-MFP

The RPC comes as standard with a removable MOLLE front flap held in place by 2 vertical QASM clips and strong velcro. The RPC integrates with Warrior's Assaulters Back Panel.

RPC MK1 COMBO

LARGE MEDIUM
W-EQ-RPC-MK1-L
W-EQ-RPC-MK1-M

The MK1 Combo consists of a Recon Plate Carrier and a Pathfinder Chest Rig.

TRIPLE OPEN POUCH PANEL

W-EO-RPC-TMOP

The RPC-TMOP is a removable MOLLE Front Panel which attaches on the front of Warriors Recon Plate Carrier RPC via the 2 Vertical ITW SR Clips. The RPC-TMOP holds 3 x 5.56mm x 45mm mags and 3 x 7.62mm x 39mm AK47 mags in a compact panel configuration. The mags are held in place via bungee retention cord.

SO = Special Order, Minimum order quantity of 75 pieces

TRIPLE COVERED M4 POUCH PANEL

W-EO-RPC-TM4

The RPC-TM4 is a removable MOLLE Front Panel which attaches onto the front of Warriors Recon Plate Carrier RPC via 2 Vertical ITW SR Clips. The Triple 5.56mm M4 Pouch holds 6 x 5.56mm x 45mm M4 style mags (including P Mags, SA80, H&K 416, Diemaco and Sig 516 etc) This pouch has a roll back lid which can be secured in the open position in preparation for a speedy mag change.

SO = Special Order, Minimum order quantity of 75 pieces

RPC SHOOTERS CUT

LARGE W-EO-RPC-SC-L
MEDIUM W-EO-RPC-SC-M

The RPC-SC is designed to be a lightweight and versatile low profile armour carrier, offering enhanced mobility without compromising protection.

The Recon Plate Carrier comes standard with ladder style cummerbunds that attach to the RPCs front via 2 removable ITW SR Clips. This allows rapid access when getting in and out of the RPC (ITW SR Clips have a combined breaking strength of 600lbs per side). The RPCs shoulders can be worn in 3 different configurations; As a slick low profile carrier, with padding for additional comfort when carrying extra weight and with a wrap around sleeve for hydration and comms channeling.

SO = Special Order, Minimum order quantity of 75 pieces

RICAS COMPACT

W-EQ-RC

The RICAS Compact releasable armour carrier is a low profile cousin of the best selling Raptor carrier. The RICAS Compact accommodates Nexus Level IIIa Soft armour panels front, back and inside wrap around arms. The RICAS Compact offers 10% less protection than the original RICAS but provides improved mobility in a lighter configuration. The RICAS Compact is fully adjustable and provides a cable release system for rapid removal.

The RICAS Compact is fully adjustable and holds large ballistic plates front and back. Both 6" x 6" (150mm x 150mm) and 6" x 8" (150mm x 200mm) side plates can also be accommodated in removable side pouches.

RAPTOR

LARGE
MEDIUM

W-EQ-RPT-L
W-EQ-RPT-M

SO = Special Order, Minimum order quantity of 75 pieces

The Raptor releasable armour carrier is designed to facilitate excellent Armour coverage while allowing all important mobility and comfort.

The Raptor has a unique quick release system (patent pending) which allows the rig to be adjusted while being worn by the operator, in addition the pull release (left or right handed installation) is securely located in the front shoulder section and does not interfere with day to day user operations.

The Raptor is lined with 3D spacer mesh fabric which allows air to circulate around the body for cooling, it also provide enhanced comfort particularly during prolonged periods of operation. The Raptor has a split front opening flap which allows quick and easy access when the front of the rig is loaded with pouches.

The Raptor is fully adjustable and holds large ballistic plates front and back. Both 6" x 6" (150mm x 150mm) and 6" x 8" (150mm x 200mm) side plates can also be accommodated in removable side pouches.

SF HELMET

TEAM WENDY CAM FIT™ retention system

The NEXUS S.F. (Special Forces Helmet) offers High Ballistic Performance with a low weight of only 1.3kg. Nexus Helmets are manufactured using a high-tenacity ballistic Aramid fibre, which is bound in a Thermoplastic Resin Matrix and results in increased all round strength.

The SF models feature a higher cut around the ears to accommodate Tactical Headsets (coms fit). This higher cut helmet is lower in profile and offers enhanced peripheral vision.

Nexus SF Helmets utilize the TEAM WENDY CAM FIT™ retention system, which utilizes cam-lock sliders for one-handed tightening adjustment, and secure fit. The Boa® Closure System stabilizes the weight of the helmet by distributing a light, even pressure around the head, similar in feel to a baseball cap. The adjustment straps and chin-cup have been designed for a close, comfortable fit to the wearer's face. The asymmetric design keeps the buckle tucked smoothly along the jaw line while maintaining a snug, even feel around the chin-cup. The ultra-suede chin-cup lining ensures maximum comfort and chafe-free wear at any temperature. Fast adjustment of straps is achieved via 2 lockable quick release sliders. A 7 piece removable padded liner system provides enhanced comfort and aids blunt trauma protection.

The Nexus S.F. Helmet includes the SRS (Side Rail System) which provides a low profile platform that can accommodate Tactical Lights, IR Lights, Video Cameras and Goggle Straps. Snag free for HALO, HAHO and static line.

An Ops Core style, Aluminium lanyard, with compatible NVG shroud, allows the attachment of any standard NVG Mount.

Protection Rating : Level 4 (IV)

"BATTLE TESTED BY THE WORLDS FINEST"

901 W-E0-901-Z

The 901 front opening base (patent pending) MOLLE platform has revolutionized the usage of the modern chest platform. Warrior introduced this variant which is a front opening system comprising a heavy duty size 10 zip, 2" full hook and loop fastener closure and backed up by 3 press studs for additional security. This allows the user to get in and out of the rig at speed and without any assistance. The extensive MOLLE webbing allows the installation of a wide assortment of Warrior Pouches. 3D spacer mesh lining is incorporated for comfort and cooling, the wider upper folding section is now 6 MOLLE loops wide allowing larger items such as Command Panel to be attached. This wider upper section now also allows a 10" x 12" (250mm x 300mm) ballistic plate to be worn, turning the 901 into a versatile armour carrier. The 901 is also compatible with the Back Panel.

ELITE 4 W-E0-901-Z-EL4

The Elite 4 comes as standard with:

- | | |
|------------------------|---------------------|
| 1 x 901 | 1 x Large Admin |
| 4 x Single Open 5.56mm | 2 x Utility Pouches |
| 1 x Pistol Pouch | 1 x Small Compass |

SO = Special Order, Minimum order quantity of 75 pieces

BRAVO M4 W-E0-901-Z-BRM4

The Bravo M4 comes as standard with:

- | | |
|----------------------|---------------------|
| 1 x 901 | 1 x Large Admin |
| 4 x M4 Style Pouches | 2 x Utility Pouches |
| 1 x Pistol Pouch | 1 x Small Compass |

AK W-E0-901-Z-AK

The AK comes as standard with:

- | | |
|------------------|---------------------|
| 1 x 901 | 1 x Large Admin |
| 4 x Single AK | 2 x Utility Pouches |
| 1 x Pistol Pouch | 1 x Small Compass |

CENTURION W-EO-CCR

The Centurion Chest Rig is a low profile compact plate carrier (can be used with or without ballistic plates) which can be used as a front only rig and comes with a Harness and cross harness. The Centurion can also be integrated with Warrior's Back Panel to provide a complete low profile mobile, hard armoured system.

It can hold 8 x 5.56mm M4 / SA80 mags or 8 x 7.62mm AK mags in open mag pouches with internal PosiGrip retention and elastic pull tabs. The Centurion incorporates a large heavy duty zipped pocket behind the mag pouches which has internal MOLLE loops for the addition of extra pouches, or can be used as storage of documents, chem lights, GPS, torches, multi tools etc.

SO = Special Order, Minimum order quantity of 75 pieces

LIGHT ASSAULT RIG W-EO-LAR

The Light Assault Rig (LAR) holds up to 5 x 5.56mm mags or 5 x 7.62mm AK mags and has MOLLE webbing on the front for attaching a wide selection of pouches.

The pouches are lined with PosiGrip non slip fabric for durability and retention.

SO = Special Order, Minimum order quantity of 75 pieces

PATHFINDER CHEST RIG

W-EO-PCR

The Pathfinder Chest Rig (PCR) is designed to work as a compact chest rig in stand-alone configuration or in conjunction with Warrior's Recon Plate Carrier System (RPC).

The PCR accommodates 4 x M4 style mags with adjustable bungee retention which allows AK mags to be easily changed out. There are 2 x small utility pouches. One at either side with elastic loops for storage of chem-lights, small torches etc. The front section comes as standard with Warriors double elastic low profile mag pouches, these are attached with MOLLE and can be easily changed out for any of Warriors full range of pouches, such as our (DPDA) double pistol mag pouch.

The unique feature of the PCR is its ability to attach to Warrior's RPC plate carrier. Simply remove the shoulder and rear straps and all the remaining clips line up with the corresponding ITW clips located on the front and sides of the RPC Plate carrier.

SO = Special Order, Minimum order quantity of 75 pieces

FALCON CHEST RIG

W-EO-FCR

The Falcon Chest Rig (FCR) is designed to work as a compact Chest Rig in standalone configuration

The Falcon Chest Rig (FCR) accommodates 8 x M4 style mags with adjustable bungee retention which allows AK mags to be easily changed out. There are a total of 4 utility pouches. The end pouches can hold MBITR 148 radios, there are elastic loops for storage of chemlights, small torches etc at the sides of the end pouches.

Warrior's DPDA-9 double pistol mag pouch is attached to the front of the rig with MOLLE and can be removed or replaced as required.

The unique feature about the FCR is its ability to attach to Warrior's RPC (Recon Plate Carrier). Simply remove the shoulder and rear straps and all the remaining clips line up with the corresponding ITW clips located on the front and sides of the RPC Plate carrier, creating a scalable armour platform.

SO = Special Order, Minimum order quantity of 75 pieces

LOW PROFILE CHEST RIG W-EQ-LPCR

The Low Profile Chest Rig holds 4 x 5.56mm x 45mm Mag pouches including PMags in our elastic low profile mag pouches. There are extra rows of MOLLE webbing at either side of the LPCR which can accommodate a multitude of interchangeable Warrior pouches, such as pistol mags, radios, etc. The LPCR works particularly well with Warriors PLB Belt or Frag Belt combination to provide a lightweight direct action setup.

SO = Special Order, Minimum order quantity of 75 pieces

GLADIATOR CHEST RIG W-EQ-GCR

Warrior's Elite Ops Gladiator Chest Rig (GCR) is a versatile and multi-use platform that allows you to use it in conjunction with 10x12 body armour plates. This system allows you to adjust the height of the plate to where you require the much needed protection.

The Gladiator Chest Rig (GCR) is a fully adjustable system, allowing adjustments to be made on your shoulders and abdomen area. With the use of pull straps and ITW buckles/clips, the Gladiator Chest Rig can be easily adjusted to suit the needs of the operator.

It also comes with a 3D mesh spacer to allow passage of cool air and comfort. The upper section can be folded away to allow access to uniform pockets. This foldable section gives you 4 vertical & 4 horizontal strips of MOLLE to allow the attachment of additional pouches such as a Large Admin pouch or Forward Opening Admin pouch. Elastic loops on the shoulder straps are designed to secure comm's equipment or hydration tubes.

SO = Special Order, Minimum order quantity of 75 pieces

BACK PANEL W-EQ-BP

The Back Panel is interchangeable with the Centurion and 901 chest rigs.

The Back Panel can accommodate a large ballistic plate inside the height adjustable internal pocket.

7 Rows of MOLLE webbing allows the attachment of a full selection of Warrior pouches. The Back Panel facilitates the direct attachment of Warrior's wide selection of hydration carriers.

Features:

- Adjustable for height and girth
- 6 x MOLLE loops wide, 7 x rows high
- Heavy duty drag handle
- Holds standard & large Ballistic Plates
- Plates can be adjusted internally for height
- Padded for comfort
- 3D Air Channels for cooling
- D-Rings

SO = Special Order, Minimum order quantity of 75 pieces

**BACK PANEL WITH
CENTURION CHEST RIG**

**BACK PANEL
DEPLOYED VIEW**

FRAG BELT W-EQ-FRG

SO = Special Order, Minimum order quantity of 75 pieces

The Warrior Frag belt is a large high backed version of our PLB belt this has the added ability to accept a NIJ Level IIIa soft armour insert for protection of the lower back and hips against 9mm submachine gun rounds, 9mm handgun rounds and in particular fragmentation impacts from I.E.D.s up to 630 metres per second. The belt has 3 removable cushioned 3D spacer mesh panels attached to the inner part of the belt which provide exceptional comfort and cooling.

Warrior's Frag belt is also available without NIJ Level IIIa soft armour (sold separately), this version comes with a removable padded stiffener which can be replaced by the armour if required later.

The Frag Belt can accept Warrior's Elite Ops Slim Line Harness and Warrior's Elite Ops MOLLE Harness for heavier loads and can be paired up with Warrior's DCS Plate carrier for use in the S.F. and counter terrorist role.

ENHANCED PLB

W-E0-PLB

Enhanced Padded Load Bearing belt (PLB) is lined with 3D spacer mesh for enhanced comfort. The internal lining also allows air to circulate allowing heat to disperse away from the body. The outer section is covered in three rows of MOLLE webbing comprising 18 MOLLE loops allows the attachment of a full selection of Warrior pouches for mission specific operations.

There are four D Rings which enables the attachment of Slim Line Harness and MOLLE Harness, reducing weight distribution of heavy load outs.

In addition the PLB provides an extended lumbar section in the middle of the internal part of the belt which seats the PLB belt comfortably in the lower back and adds support during long range patrols.

SIZE

GUNFIGHTER BELT

W-EO-GFB-M
W-EO-GFB-L
W-EO-GFB-XL

The Gunfighter is available in 3 sizes
(Med, Large, XL)
and will also accept a Riggers belt or Cobra belt
(choose a size up from your Gunfighter Belt size)

Warriors Gunfighter belt is a MOLLE based padded belt designed to carry direct action gear, and has been specifically designed to carry all forms of holsters and drop legs. The unique feature of the Gunfighter belt is Warriors panel system which covers the belt in a variety of sizes. Each panel is removable and can be interchanged to allow holsters and droplegs to be placed in the ideal position for the operator to maximize draw action. All forms of Drop Legs Holsters, Paddle Holsters, Belt Loop Holsters and MOLLE Holster can be fitted to the Gunfighter belt which comes with a fully adjustable 50mm belt and buckle.

SO = Special Order, Minimum order quantity of 75 pieces

“BATTLE TESTED BY THE WORLDS FINEST”

SLIM LINE HARNESS W-E0-SLH

The Slim Line Harness is a fully adjustable elasticated harness for use with the PLB belts or armoured frag belts. It is ideal for use under body armour.

SO = Special Order, Minimum order quantity of 75 pieces

LOW PROFILE HARNESS W-E0-LBH

The Low Profile Harness is fully compatible with Warrior's PLB Belt and can be worn comfortably under body armour. It features quick release adjustment buckles front and back, has 4 adjustable attachment loops for fixing to the D Rings of the PLB Belt.

SO = Special Order, Minimum order quantity of 75 pieces

MOLLE HARNESS W-E0-MHARN

The MOLLE Harness is an excellent platform for the PLB belt or Frag belt. 2 attachment points at the front and 4 at the rear (6 point harness) help to distribute the load out evenly on the shoulders and helps to provide additional support for heavier combat loads.

The MOLLE Harness features a low profile design with padded lining for extra comfort.

SO = Special Order, Minimum order quantity of 75 pieces

PATROL BELT KIT

W-E0-PBK-M
W-E0-PBK-L

Warriors Patrol Belt Kit (PBK) Comprises our new Hip Belt featuring Warriors Proprietary padded 3D Spacer Mesh which offers exceptional comfort and cooling. In addition our new Patent Pending EMC triple mag pouch offers fast single handed operation. All Utility pouches are lined and include ITW IR quick release clips. Extra rows of webbing are featured on the top and sides for attachment of addition pouches such as Frags, Smokes or Small Utility items. Our new enhanced Harness is manufactured using our 3D Mesh, which is double layered on the shoulders for unparalleled comfortable and as with the belt allows heat to evaporate form the back with great efficiency. This PBK also accommodates padded sections around the upper thigh area, reducing contact with the body and creating extra comfort when adopting a kneeling fire position. The base belt is covered in Genuine Crye Multicam webbing individually sewn with heavy duty bartacks. Includes high strength COBRA Metal Colour coded Quick Release Buckle and fully adjustable US Mil Spec inner waist belt. Compatible with all Warrior's modular pouches, allowing the operator to configure their equipment to suit any additional operational needs.

2 x EMC dedicated 3 magazine 5.56 NATO pouches
Medium Belt 4 x General Utility Pouches
Large Belt 5 x General Utility Pouches
Padded 3D Mesh MOLLE Belt
Metal COBRA quick release buckle

TWO POINT SLING

BLACK
CT

W-EO-2PS-BLK
W-EO-2PS-CT

The Warrior 2 point sling is an adaptive modular sling capable of fitting on most assault rifles. The adjustment system allows you to locate the rubberised pull cord in order to manipulate the sling from a non offensive posture to combat ready in quick succession. The Warrior 2 Point Sling is made up from both 25mm & 38mm robust Mil Spec webbing, which gives a slick, comfortable low profile, once fitted. Fitting point 1 has a Metal H&K clip shrouded by an elastic silencer, fitted to an ITW quick release SR clip for emergency release. Fitting point 2 consists of 25mm webbing with slider for a more permanent attachment.

If you wish to attach a second Metal H&K clip shrouded by an elastic silencer to fitting point one you purchase these separately.

TACTICAL PISTOL LANYARD

Warrior's Tactical Pistol Lanyard (TPL) is constructed from 1" U.S. Mil Spec 17337 webbing, nylon and polypropylene. The lanyard features an adjustable belt loop which can be separated from the lanyard via a quick release clip. The lanyard loop can easily be attached to most sidearms and a wide variety of accessories to help prevent their loss during operations.

DROP DOWN UTILITY POUCH W-EQ-DDVUP

Warriors Drop Down Velcro Utility Pouch hangs under the front flap of most armour carriers and attaches quickly and securely via hook and loop. Ideal for use with Warriors DCS, RPC and PCR Chest rig.

There are 2 zip pockets, the larger and main compartment is designed for storage and quick access of larger accessories and tools, Med Kit and Admin / Maps etc. The smaller pocket is good for storage of smaller items such as torches, batteries, Compass etc. On the underside there are 2 elastic loops for chem lights and or markers.

The Drop Down Pouch can also be used as an armour add on for lower abdomen protection, we have included a rear pocket which allows a level IIIa soft armour insert to be added. The front of the pouch has 2 rows, each comprising 4 loops of MOLLE webbing with hook and loop sewn on, (and an additional row of loop hook and loop in between). This allows the attachment of other small pouches and or call sign and insignia patches.

SO = Special Order, Minimum order quantity of 75 pieces

“BATTLE TESTED BY THE WORLDS FINEST”

INDIVIDUAL FIRST AID POUCH W-EO-IFAK

Warriors IFAK pouch is designed to hold an operators personal medical kit, Combat Gauze, CAT and Trauma Bandage. Medical shears can be stored securely at the rear of the pouch to allow quick and easy access.

Internally we have introduced a webbing strap, which threads under your med kit and when pulled seamlessly elevates the contents of the pouch with one hand.

Both sides of the pouch have additional external webbing for attachment of extra CATs or smaller pouches etc. The lid of the pouch has a hook and loop square for attachment of First Aid patch etc. Warriors IFAK occupies only 2 rows of MOLLE webbing so it can be mounted on any armour carrier, chest rig or fits perfectly on the rear of Warriors PLB Belt, Gunfighter Belt or Frag Belt.

X300 W-EO-X300

The X300 pack was designed with specific input from SF units with a requirement for a strong yet lightweight versatile pack which allowed for compartmentalised storage with top and middle opening and exceptional comfort. The X300 features a removable padded belt system, variable height harness adjustment, 5 external storage pouches with large main compartment. The narrow design allows for efficient movement in a wide variety of environments excellent in urban environments, narrow streets, door ways, houses etc). The X300 has 3 x man down handles (1 x top center 1 x left side, 1 x right side) which allows for 2 man rapid extraction of casualty.

Main access is via a helmet friendly top opening lid with Claymore style heavy duty zipped pouch on top side, which also features map style pocket on the inside. There is additional access via the large reinforced center pocket, this features a heavy duty size 10 sealed seam zip which opens into a medium sized quick access pocket, (the flap opens top to bottom) this main external pocket is lined with a heavy duty air mesh fabric which has a similar zip which opens (bottom to top) allowing convenient access to the middle and bottom of the pack.

Large MOLLE pouches run down both sides with internal compartments and pockets for storage. Also features a lower horizontal pouch and the underneath of the pack accommodates a final zip compartment with removable liner bag for separate storage of wet items of clothing etc in dedicated compartment. Double stitched for strength and durability.

The entire pack is covered in 1" MOLLE webbing which allows the attachment of various pouches to increase carrying capacity.
