# STR™

## STORAGE/TYPE RESTRICTED CARBINE STOCK

The STR Carbine Stock is a drop-in replacement for M4-type carbine stocks. The STR has improved cheek weld and two water resistant battery tubes on a reinforced polymer A-frame design. A shielded operation lever and a friction locking system prevent accidental adjustment and eliminate excessive stock movement. The STR incorporates two sling loops, left and right side QD sling mount locations and a replaceable rubber butt pad.

- Drop-in replacement for the standard M4 stock (Mil-Spec and Commercial-Spec models available)
- Two water resistant battery tubes that can be accessed by hand in any stock position (holds two CR123A or AA batteries per side)
- Reinforced polymer construction
- A-frame design with improved cheek weld
- Shorter and lighter than the ACS Stock
- Shielded release latch and supplemental friction lock
- Compatible with Magpul ASAP® and other receiver mount sling attachments
- Reversible push-button QD sling mount
- Replaceable butt-pad offers an anti-slip surface and increases impact protection
