# ASAP®-QD

## Ambidextrous Sling Attachment Point
## MSRP - TBA

The ASAP-QD replaces the standard AR15 M4 carbine stock receiver end plate, facilitating easy transitions from primary to secondary sideshoulders. The ASAP-QD works with all push-button QD sling swivels, and is canted slightly downward for greater freedom of movement and to create a finished look to the end of the receiver.

Made from precision cast Melonite® finished steel, the ASAP-QD is compatible with both mil-spec and commercial-spec carbine receiver extensions (buffer tubes).
